

2023 AWF Rolling Project Pipeline Final List 28.09.2023

#	Code No	Applicant	Project Title	Objective(s)	Sector Area	Strategic pillar	Beneficiary Country(ies)	Duration (years)	Beneficiary population	Cost (Euro)	Geographic location	Urban/Rural	Sanitation	Multi/National	Average Score	Final Ranking
1	265	Zimbabwe	Greater Harare Onsite Sanitation Pollution Reduction and Treatment Optimization Strategies	Designing and piloting of Decentralized wastewater treatment and on-site sanitation Systems for Harare City	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Zimbabwe	2	2,600,000	154,000	South	Urban	Yes	National	82.5	16
2	272	Mali	Alimentation en eau potable des communautés de Maniaka et Djiguimbaly dans la commune rurale de Tiakadougou Dialakoro	Improve WASH services for the villages of Maniaka and Djiguimbaly, rural communes of Tiakadougou Dialakoro, around Kati.	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Mali	3	5,000	304,898	West	Rural	No	National	69.3	44
3	416	Guinée-Conakry	Realisation des études détaillées, des eies et établissement de dao du projet d'alimentation en eau potable et assainissement des îles et du littoral guineen-phase 1	Design of the phase 1 of the WASH project for the islands and the Guinean coast.	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Guinee Conakry	0.5	107,000	350,000	West	Both	Yes	National	88.5	4
4	386	Mozambique	Continuous and Remote Monitoring of Water Quality in Buzi Basin -Acquisition and installation of automatic stations for monitoring water quality in points of greatest focus of pollution caused by gold mining.	Improvement of the monitoring of water resources & environmental pollution of the Buzi River water basin	(f) Multipurpose uses (water, hydropower, irrigation and ecosystem managements)	Water Governance	Mozambique	3	72,000	357,143	South	Rural	No	National	74.5	34
5	34	Kenya	Climate resilient water and sanitation in Tana basin	Increase access to reliable water and sanitation services	(f) Multipurpose uses (water, hydropower, irrigation and ecosystem managements)	Water Governance	South Africa	3	-	440,000	East	Both	No	National	82.0	17
6	73	South Africa	Mavivane Transformative Riverine Management Project (TRMP)	Roll out the implementation of nature-based solutions to restore ecosystem function to a river that runs through the city of KwaDukuza.	(d) Climate change adaptation and ecosystem management;	Catalytic project	South Africa	3	-	440,000	South	Both	No	National	79.8	22
7	418	Cameroon	PROJET DE DRAINAGE DES EAUX DES QUARTIERS LIMITROPHES DU COURS D'EAU SOUMSOUNG : SABONGARI, DJAKBOL, QUARTIER HAOUSSA, SOUMSOUM, MABANGA, MADAGASCAR	Reduce flooding and environmental sanitation in the city of Ngaoundéré	(b) Urban master planning (water supply, sanitation etc.);	Project preparation	Cameroon	1.5	100,000	610,213	West	Urban	No	National	72.3	40
8	121	Lake Tanganyika Authority	Integrated development and adaptation to climate change in Lake Tanganyika basin	To improve integrated management of water resources in Lake Tanganyika basin through management of ecosystems and adaptation to climate change	(d) Climate change adaptation and ecosystem management;	Water Governance	Burundi; the Dem	2	6,000,000	660,000	East	Both	No	Multi-nati	86.0	7
9	41	ABAKIR	Strengthening of Drinking Water Supply in Lake Kivu and Ruzizi basins	Eradicate water related diseases and improve the livelihoods through effective water resources management of the Ruzizi River Basin.	(d) Climate change adaptation and ecosystem management;	Project preparation/Wa	Burundi; the Dem	2	6,000,000	660,000	Central	Both	No	Multi-nati	78.8	23
10	274	Côte d'Ivoire	Renforcement des capacités des municipalités et de l'environnement des affaires dans le secteur des déchets solides et des boues fécales en côte d'Ivoire.	Improve the business environment in the waste and faecal sludge sector management for better protection of water resources and inclusive resilient sanitation.	(e) Solid waste and faecal sludge management;	Project preparation	Côte d'Ivoire	2	2,437,269	671,470	West	Urban	Yes	National	80.0	21
11	81	Somalia	Tapping Deep Aquifers for climate change adaptation in Somalia.	Improve WASH services through development of deep climate-resilient groundwater.	(a) Water supply and sanitation (Urban and Rural) (d) Climate change adaptation and ecosystem management;	Project preparation	Somalia	1	20,000	680,000	East	Both	No	National	73.3	36
12	114	Kenya	Comprehensive Study for Deep Groundwater Resources in Kenya	To undertake an integrated assessment of the potential for deep groundwater in Kenya to support sustainable development and utilization of groundwater resources.	(a) Water supply and sanitation (Urban and Rural)	Project preparation/Wa	Kenya	1	17,000,000	700,000	East	Both	No	National	77.3	28
13	266	Tanzania	Capacity development on deep groundwater resources in East Africa	to identify new potential sources of groundwater to address the consequences of climate change, support water and food security	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Tanzania	1	-	720,000	East	Both	No	Multi-nati	76.3	30
14	417	Cameroon	PROJET D'ASSAINISSEMENT ET DE DRAINAGE DE LA VILLE DE MAROUA : STABILISATION DES BERGES ET AMÉNAGEMENT DES QUARTIERS ADJACENTS AUX MAYO TSANAGA ET KALIAO	To improve urban drainage and sanitation	(b) Urban master planning (water supply, sanitation etc.);	Project preparation	Cameroon	1	70,000	915,320	Central	Urban	No	National	78.8	23
15	103	Ghana	Development of asset management plan for ghana water company limited	To improve access to water supply and infrastructure management	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Ghana	1.5	18,000,000	945,000	West	Both	No	National	77.5	27
16	270	Ghana	Update of Ghana Water Company Limited's (GWCL) Strategic Investment Plan	To update the water and sanitation investment master plan	(b) Urban master planning (water supply, sanitation etc.); (g) Transboundary/ basin-level integrated water investment planning and governance.	Project preparation	Ghana	1.3	5,000,000	950,000	West	Both	No	National	87.5	5

2023 AWF Rolling Project Pipeline Final List 28.09.2023

#	Code No	Applicant	Project Title	Objective(s)	Sector Area	Strategic pillar	Beneficiary Country(ies)	Duration (years)	Beneficiary population	Cost (Euro)	Geographic location	Urban/Rural	Sanitation	Multi/National	Average Score	Final Ranking
17	51	Mozambique	Assessing Solar-Powered Water Systems for Climate-Resilient Water Supply in Peri-Urban Mozambique	To pilot use of Solar system for reliable access to water for the communities in Caia, Chigubo, and Espungabera, mitigating the impact of water scarcity and waterborne diseases.	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Mozambique	1.5	50,000	950,000	South	Urban	No	National	75.0	32
18	150	Comoros	mise a echelle de la gestion des dechets biomédicaux et la dotation des reservoirs d'eau dans les structures de sante en union des comores	Fourniture d'approvisionnement en eau, d'installations sanitaires, de gestion des déchets biomédicaux et de promotion de l'hygiène dans les centres hospitaliers.	(a) Water supply and sanitation (Urban and Rural); (e) Solid waste and faecal sludge management	Project preparation	Comoros	4	-	1,000,000	East	Urban	Yes	National	72.5	39
19	115	Congo	Stratégie de développement de l'assainissement productif et renforcement de la résilience aux changements climatiques (DRAPREC) des communautés urbaines riveraines des bassins versants du Lac Tchad et du fleuve Congo : Etudes des cas de Bangui, à Brazzaville, à Kinshasa et à N'Djamena	Améliorer l'assainissement urbain des déchets solides et la gestion des boues grâce à des mesures liées au changement climatique	(e) Solid waste and faecal sludge management	Project preparation	Congo, RDC, Tchad	1	21,000,000	1,070,000	Central	Urban	YES	Multi-national	82.5	16
20	240	Uganda	Water and Sanitation Master Plans in line with City-wide Inclusive Sanitation for Urban Climate Resilience and Ecosystems in Uganda	preparation of participatory water and sanitation Master plans with feasibility studies for 8 municipalities.	(e) Solid waste and faecal sludge management;	Project preparation	Congo, RCA, RDC	1	21,000,000	1,070,000	East	Urban	Yes	Multi-national	80.0	21
21	57	Egypt	upgrading and extending water supply and sanitation services in upper Egypt towns	improve overall water and sanitation services in 4 cities in Upper Egypt, to keep pace with population growth while contributing to water security	(a) Water supply and sanitation (Urban and Rural) (c) Urban-city-wide inclusive sanitation;	Project preparation	Egypt	1.5	1,800,000	1,200,000	North	Urban	Yes	National	91.8	1
22	131	Kenya	Kisumu city-wide inclusive sanitation (CWIS) plan and feasibility study of a waste-to-value fecal sludge treatment plant	To improve urban waste and sanitation management	(e) Solid waste and faecal sludge management;	Project preparation	Kenya	2	600,000	1,200,000	East	Urban	Yes	National	84.8	10
23	156	Kenya	City Wide Inclusive Sanitation Plan-Naivasha Sub-County	To improve urban waste and sanitation management	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Kenya	2	525,195	1,288,404	East	Urban	Yes	National	78.5	24
24	278	LVBC	Transboundary Climate Resilient Agricultural Water-Food Nexus Program	to enhance resilience of communities, through climate change adaptive Agriculture water and food systems investments in Lake Victoria Basin	(d) Climate change adaptation and ecosystem management; (g) Transboundary/ basin-level integrated water investment planning and governance.	Project preparation	Burundi, Kenya, Tanzania	1.5	500,000	1,300,000	East	Both	No	Multi-national	77.8	26
25	83	Zambia	Research on catchment management, protection of water sources, hydrological conditions of water intakes and ground water source in Kalulushi	To establish best practice in catchment management and treatment process for mine effluent and recycling of water (design only and pre-feasibility)	(d) Climate change adaptation and ecosystem management;	Project preparation/Water Governance	Zambia		901,756	1,300,000	South	Urban	No	National	72.8	38
26	155	Kenya	Naivasha Sanitation Services Improvement project	to expand the Naivasha centralized sanitation treatment plant from its present capacity of 1,500m3/day to 3,000m3/day.	(a) Water supply and sanitation (Urban and Rural)	Project preparation/Water Governance	Kenya	1.5	241,264	1,331,891	East	Urban	Yes	National	84.0	11
27	387	Mozambique	Establishment of the Centre Region Flood and Drought Management Unit (UGCS-RC)Oda	to establish a Flood and Drought Monitoring Unit focusing on the Búzi, Púngue, Zambezi, and Namacura watersheds.	(g) Transboundary/ basin-level integrated water investment planning and governance.	Water Governance	Mozambique	5	5,000,000	1,347,500	South	Rural	No	National	74.5	34
28	55	Libya	Development of the national water strategy in Libya (nws, 2025-2050)	WASH strategy- enabling sustainable development and protection of water resources from overexploitation and the consequences of climate change, adopting and operationalizing an Integrated Water Resources Management approach.	(b) Urban master planning (water supply, sanitation etc.);	Water Governance	Libya	2.5	7,000,000	1,400,000	North	Both	No	National	89.5	3
29	282	Djibouti	Projet d'Appui au Programme en Eau potable, Hygiène et Assainissement les villages des Réfugiés	Fourniture d'approvisionnement en eau, d'installations sanitaires et promotion de l'hygiène dans les camps de réfugiés et renforcement institutionnel de la gestion opérationnelle du système	(a) Water supply and sanitation (Urban and Rural); (e) Solid waste and faecal sludge management	Project preparation	Djibouti	2	36,656	1,450,000	East	Urban	Yes	National	75.0	32
30	99	Ethiopia	Assessment of the feasibility of deep groundwater development in the board land areas of Ogaden, Jesoma aquifers in Somalia region of Ethiopia	To assess the feasibility of mapping and development of climate resileint water resources in the boarderlans areas of Ogaden and Jesoma aquifers	(a) Water supply and sanitation (Urban and Rural); (d) Climate change adaptation and ecosystem management;	Project preparation	Ethiopia	2.5	880,771	1,500,000	East	Rural	No	National	86.0	7
31	227	Senegal	Le Pole Eau Dakar pour la prospérité et la paix, par une diplomatie afro-centrée de l'eau et du climat.	Strengthen integrated water investment planning and governance at transboundary/basin level.	(g) Transboundary/ basin-level integrated water investment planning and governance.	Water Governance	Senegal	3	-	1,500,000	West	Both	No	National	83.5	13

2023 AWF Rolling Project Pipeline Final List 28.09.2023

#	Code No	Applicant	Project Title	Objective(s)	Sector Area	Strategic pillar	Beneficiary Country(ies)	Duration (years)	Beneficiary population	Cost (Euro)	Geographic location	Urban/Rural	Sanitation	Multi/National	Average Score	Final Ranking
32	397	Senegal	Gestion intégrée des ressources en eaux souterraines de la région de Dakar et environs, en vue de soutenir la résilience contre le changement climatique	to develop an innovative framework for the sustainable management of groundwater in two groundwater aquifers (the infrabasaltic aquifer and the Thiaroye aquifer) serving the metropolis of Dakar in the context of climate change.	(a) Water supply and sanitation (Urban and Rural) (d) Climate change adaptation and ecosystem management;	Water Governance	Senegal	4	4,000,000	1,500,000	West	Urban	No	National	77.8	26
33	72	Sierra Leone	Solid waste and faecal sludge management Klin Bo City for Better Wel Bodi	To improve the quality environment in Bo City, through Waste Management, creating employment, generate income and reduce poverty in the municipality	(e) Solid waste and faecal sludge management;	Project preparation	Sierra Leone	3	174,369	1,500,000	West	Urban	Yes	National	76.5	29
34	333	Uganda	Pre-Feasibility and Feasibility Assessment and Design for Development of the National Surface Water Resources through Canals	Pre-Feasibility and Feasibility study of the capacity to convey water from the existing surface water resources (Rivers and Lakes) to areas of scarcity through water canals	(f) Multipurpose uses (water, hydropower, irrigation and ecosystem managements);	Project preparation	Uganda	1.5	1,000,000	1,500,000	East	Rural	No	National	76.3	30
35	116	Congo	Promotion des technologies d'approvisionnement en eau résilientes au changement climatique dans les grands villages du plateau de Mbé	améliorer l'approvisionnement en eau potable des populations rurales du Plateau de Mbé, grâce à l'utilisation de technologies résilientes au changement climatique.	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Congo	1.5	18,000	1,550,000	Central	Rural	No	National	82.5	16
36	9	Tanzania	Ngeza sewer design and construction	Improve waste and faecal management in the town	(c) Urban-city-wide inclusive sanitation;	Project preparation	Tanzania	1.5	116,000	1,611,320	East	Urban	Yes	National	74.8	33
37	4	NELSAP	Angololo water treatment works	Improving access to safe and clean drinking water to boarder towns of Kenya and Uganda	(a) Water supply and sanitation (Urban and Rural) (g) Transboundary/ basin-level integrated water investment planning and governance.	Project preparation	Uganda, Kenya	3	-	1,650,000	East	Both	No	Multi-national	75.0	32
38	3	NELSAP	Climate smart irrigation in Nile Equatorial Lakes (NEL) region	Increased resilience and adaptability to climate change in irrigated agricultural systems	(d) Climate change adaptation and ecosystem management; (f) Multipurpose uses (water, hydropower, irrigation and ecosystem managements)	Project preparation	Kenya, Uganda	3	270,000	1,650,000	East	Rural	No	Multi-national	71.5	42
39	67	OMVG	La gestion partagée des données des bassins de l'OMVG avec les services nationaux concernés : clé de la sécurité hydrique et climatique et du développement durable	Strengthen integrated water investment planning and governance at transboundary/basin level.	(g) Transboundary/ basin-level integrated water investment planning and governance.	Water Governance	Gambie, Guinée, Guinée-Bissau, Sénégal			1,750,000	West	Both	No	Multi-national	81.3	18
40	414	Tanzania	Feasibility studies and detailed designs for WASH in drought-stricken areas in 24 villages of Ngerengere in Morogoro district	Improve access to potable water and sustainable water services in targeted villages in Morogoro district	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Tanzania	2	102,000	1,771,000	East	Rural	Yes	National	82.5	16
41	368	Côte d'Ivoire	Aménagement, protection et valorisation du Lac urbain de San-Pedro	To safeguarding the Urban Lake ecosystem and sanitation by stopping water pollution, and abusive urbanization, the promotion of good agricultural practices and the preservation of the biodiversity of this lake with the aim of improving the quality of life of the populations	(e) Solid waste and faecal sludge management;	Project preparation	Cote d'Ivoire	3	390,000	1,832,000	West	Urban	Yes	National	81.3	18
42	413	Namibia	Feasibility and design study for water security in Namibia	Feasibility studies and designs for four urban towns	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Namibia	3	1,200,000	1,836,110	South	Urban	No	National	84.0	11
43	323	Tanzania	Feasibility and Engineering Design of Water Infrastructure(s) (Dams) in the Katuma Catchment for Climate Resilience and Enhanced Ecosystem Management	Feasibility studies of two multipurpose dams for provision of water for irrigation, water supply, hydropower and regulate flows in the catchment for maintaining the river ecosystems of the catchment and the Katavi National Park.	(g) Transboundary/ basin-level integrated water investment planning and governance.	Project preparation	Tanzania	2	45,000	1,850,000	East	Rural	No	National	78.3	25
44	128	Ghana	Climate-Resilient SDG6 Water System Utilization	Map out and design climate-resilient water system network expansions in unserved communities and towns	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Ghana	3	40,000	1,850,000	West	Urban	No	National	73.3	36
45	186	Niger	Projet d'appui à la mise en œuvre du PANGIRE[1] Niger à travers le développement d'une agriculture climato-intelligente et la recherche-actions dans les sous bassins de la Korama (Région de Zinder) et du Goulbi N Maradi (Région de Maradi)	To establish and strengthen the governance framework and the technical adaptive capacities for integrated and sustainable management of water resources in the two target sub-basins of Korama (Zinder Region) and Goulbi N Maradi (Maradi Region).	(d) Climate change adaptation and ecosystem management;	Water Governance	Niger	3	150,000	2,000,000	West	Rural	No	National	83.5	13
46	389	Mali	Projet d'Alimentation en Eau Potable et en Assainissement dans cinq (4) communes du Cercle de Barouéli	Increase drinking Water Supply and Sanitation Project in five (4) communes of the Circle of Barouéli	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Mali	2	14,172	2,000,000	West	Rural	Yes	National	79.0	22

2023 AWF Rolling Project Pipeline Final List 28.09.2023

#	Code No	Applicant	Project Title	Objective(s)	Sector Area	Strategic pillar	Beneficiary Country(ies)	Duration (years)	Beneficiary population	Cost (Euro)	Geographic location	Urban/Rural	Sanitation	Multi/National	Average Score	Final Ranking
47	50	ZAMCOM	Zambezi River Basin Border Posts' Water, Sanitation and Hygiene Project	To increase access to resilient WASH services and strengthen the operational performance of service providers at 15 major Border Posts in the Zambezi River Basin.	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Angola, Botswana	3	1,528,000	2,100,000	South	Urban	No	Multi-national	85.5	8
48	292	Tanzania	Improvement of Water Supply Service Delivery To Low Income Population On The Slopes Of Mount Kilimanjaro	to improve health and livelihood of the people on the slopes of Mount Kilimanjaro through supply of reliable water supply for domestic, commercial and industrial requirements as well as increase the revenue of the water utility.	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Tanzania	1.5	375,876	2,100,000	East	Urban	No	National	85.5	8
49	1	LVBC	Upscaling of water supply and sanitation program for pro-poor urban and rural areas in the Lake Victoria Basin-East Africa	Preparation for an investment WASH program that will contribute to improved community livelihoods and health of Lake Victoria Basin ecosystem.	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Burundi, Rwanda	2	680,000	2,110,000	East	Urban	No	Multi-national	81.0	19
50	271	Uganda	Climate Resilient Catchments for Resilient Water Supply and Sanitation Facilities and livelihoods in Refugee and Refugee Host Communities	to generate resilient designs and functionality for water and sanitation facilities through improved water resources assessment, planning and management in the refugee and refugee hosting catchments.	(a) Water supply and sanitation (Urban and Rural) (d) Climate change adaptation and ecosystem management;	Project preparation	Uganda	2	7,300,000	2,200,000	East	Rural	No	National	85.3	9
51	296	Tanzania	Extension of central sewer system to isyesye Mbeya municipality	to improve community livelihood through provision of suitable sanitation options in the project area to address the negative effects caused by high-water table including spread of water borne diseases	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Tanzania	2	40,100	2,240,000	East	Urban	Yes	National	83.8	12
52	314	Burkina Faso	Projet d'amélioration de l'accès à l'eau potable et à l'assainissement dans les communes de Mogtédé et Sourgoubila dans la région du Plateau Central	to sustainably improve access to drinking water and sanitation in its area of intervention.	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Burkina Faso	2	30,000	2,277,512	West	Both	Yes	National	76.0	31
53	25	NELSAP	Kenya - Amala-Norera Water Resource Development Project	Feasibility studies for the multi-purpose Amala-Norera Dam water resources project	(f) Multipurpose uses (water, hydropower, irrigation and ecosystem managements)	Project preparation	Kenya	2	150,000	2,360,000	East	Both	No	National	77.5	27
54	197	Zimbabwe	Developing a Climate Resilient Integrated Urban Water Management Master Plan for Gwanda Municipality	to provide the Municipality of Gwanda with an innovative and integrated climate resilient master plan that will ensure the sustainable management of water and sanitation for all	(b) Urban master planning (water supply, sanitation etc.);	Project preparation	Zimbabwe	2	30,000	2,536,695	South	Urban	Yes	National	89.8	2
55	198	Uganda	Climate Resilient Investment Strategy for City-Wide Inclusive Sanitation in Western and Eastern Regions.	to prepare a climate resilient investment strategy for city-wide inclusive sanitation in Western and Eastern Uganda regions.	(c) Urban-city-wide inclusive sanitation;	Project preparation	Uganda	2	45,000	2,600,000	East	Urban	Yes	National	89.8	2
56	2	NELSAP	Akanyaru multipurpose project (hydropower, irrigated agriculture, water supply) and ecosystem restoration and protection	Feasibility studies for the multi-purpose Akanyaru Dam for irrigation and other uses etc	(f) Multipurpose uses (water, hydropower, irrigation and ecosystem managements)	Project preparation	Burundi, Rwanda	3	850,000	2,700,000	East	Both	Yes	Multi-national	77.3	28
57	69	Malawi	Feasibility Studies and Designs for Water Supply and Sanitation Services Improvement in Mzuzu City and parts of Mzimba District	to provide sustainable water supply, and improved sanitation services for Mzuzu City and the surrounding areas.	(a) Water supply and sanitation (Urban and Rural) (g) Transboundary/ basin-level integrated water investment planning and governance.	Project preparation	Malawi	1.5	962,100	2,970,000	South	Urban	No	National	86.8	6
58	82	IGAD	Enhancing community and Ecosystem Resilience to Climate Change with Early Warning systems for Ecosystem & WASH management in Shabelle river basin (-Ethiopia & Somalia)	strengthening institutional capacity in Early Warning Systems, climate resilient Ecosystem management and WASH technologies, catalyzing investment in nature-based solutions for Water and climate resilience	(d) Climate change adaptation and ecosystem management;	Water Governance- Ins	Ethiopia and Somalia	4	400,000	3,300,000	East	Both	No	Multi-national	71.8	41
59	273	Mali	Approvisionnement en Eau Potable de 40 localités d'accueil des Personnes Déplacées Internes des régions de Mopti et Bandiagara par une source d'Energie photovoltaïque	Improve access to drinking water for host communities and Internally Displaced Persons in the Mopti and Bandiagara Regions	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Mali	3	117,500	3,766,461	West	Urban	No	National	69.3	44
60	319	Togo	Projet d'opérationnalisation de la GIRE et de résilience des communautés face aux changements climatiques dans le bassin versant du Lac Togo	To improve the management of water resources in the BVL T and strengthen the resilience of communities to climate change	(g) Transboundary/ basin-level integrated water investment planning and governance.	Water Governance- Ins	Togo	4	-	4,300,000	West	Rural	No	National	70.8	43

2023 AWF Rolling Project Pipeline Final List 28.09.2023

#	Code No	Applicant	Project Title	Objective(s)	Sector Area	Strategic pillar	Beneficiary Country(ies)	Duration (years)	Beneficiary population	Cost (Euro)	Geographic location	Urban/Rural	Sanitation	Multi/National	Average Score	Final Ranking
61	179	Uganda	Lango Integrated, Area-Wide and Climate-Resilient Water and Sanitation Service Project	To improve sustainable access to inclusive, climate resilient and safe water supply, sanitation, and hygiene services in the urban and rural areas of the 9 targeted districts of the Lango Subregion,	(a) Water supply and sanitation (Urban and Rural) (e) Solid waste and faecal sludge management;	Project preparation	Uganda	3	430,000	4,500,000	East	Both	No	National	82.8	15
62	236	Togo	Projet de création et réhabilitation des réseaux de mesures pour une meilleure connaissance et surveillance des ressources en eau	To improve knowledge, monitoring and management of surface and underground water resources through: rehabilitation and creation of hydrometric measurement stations, piezometers for groundwater monitoring, support to MEHV/DRE for capacity building and monitoring, collection and processing of hydrometric and piezometric data • The development of innovative measures to adapt to climate change in vulnerable areas.	(b) Urban master planning (water supply, sanitation etc.);	Water Governance- Ins	Togo	5	-	4,500,000	West	Both	No	National	76.0	31
63	291	Ghana	Catalysing circular economy through improvement in sanitation and waste management in Kumasi city	to catalyse circular economy urban planning and implementation for sanitation and waste management in Kumasi city	(e) Solid waste and faecal sludge management;	Catalytic project	Ghana	3	100,000	5,000,000	West	Urban	Yes	National	83.8	12
64	373	Zimbabwe	kondo – chitowe multi-purpose dams feasibility studies, dam designs and master plan	To carry out a Feasibility Study, Designs and integrated climate smart Master Plan for the Kondo-Chitowe Dam Projects	(b) Urban master planning (water supply, sanitation etc.); (d) Climate change adaptation and ecosystem management;	Project preparation	Zimbabwe	4	-	5,000,000	South	Both	No	National	83.0	14
65	111	ABM	Gouvernance et Planification pour la Satisfaction durable des Usages dans le bassin du Mono	To contribute to long-term satisfaction of water uses in Mono basin, through good governance, water diplomacy, planning for the improvement of the living conditions of communities in through reducing the impacts of climate change on resources and people.	(e) Solid waste and faecal sludge management;	Water Governance- Ins	Benin, Togo	4	3,000,000	5,000,000	West	Rural	No	Multi-nati	81.0	19
66	168	Madagascar	Sustainable Financing model for the WASH sector to strengthen WASH system and improve community resilience through carbon market	Restore low carbon community water supply systems in rural Madagascar with strengthened management operation and management system	(a) Water supply and sanitation (Urban and Rural) (d) Climate change adaptation and ecosystem management;	Project preparation	Madagascar	3	814,000	5,000,000	East	Rural	No	National	80.0	21
67	302	Egypt	Expansion & improving water network of Kom Ashfin WTP	Provide over 500,000 people with safely managed drinking water services to achieve the benefits from the second phase of "Kom Ashfin" WTP.	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Egypt	1	500,000	5,000,000	North	Urban	Yes	National	78.5	24
68	329	Zambia	Revision of the 1995 National Water Resources Master Plan for Zambia (Formulation of a New National Water Resources Master Plan (2026-2050))	To formulate a new long-term and dynamic national water resources master plan for the time period 2026-2050 and strengthen legal and institutional frameworks	(b) Urban master planning (water supply, sanitation etc.);	Water Governance	Zambia	3	19,500,000	5,000,000	South	Both	No	National	77.5	27
69	379	OMVS	Mutualiser les observations satellitaires pour l'innovation de services dans le bassin du fleuve Sénégal	Strengthen integrated water investment planning, monitoring and governance at transboundary/basin level.	(f) Multipurpose uses (water, hydropower, irrigation and ecosystem managements) (g) Transboundary/ basin-level integrated water investment planning and governance.	Water Governance	Guinée, Mali, Ma	5	6,000,000	5,000,000	West	Both	No	Multi-nati	76.0	31
70	248	South Africa	Impact based flash flood and drought Early Warning Service for Transboundary River Management	Implementation of an sustainable impact-based monitoring, forecasting and early warning system for flash floods and droughts in the SADC region.	(d) Climate change adaptation and ecosystem management;	Water Governance	SADC countries	4	3,500,000	5,000,000	South	Rural	No	Multi-nati	75.0	32
71	19	Mozambique	Moamba Multipurpose Dam- updating the FS	Improvement of water supply storage capacity to the city of Maputo and Ressano Garcia town; expansion of irrigation limits; flood protection in the lower Incomati River and saline intrusion mitigation at the mouth of the Incomati River	(f) Multipurpose uses (water, hydropower, irrigation and ecosystem managements)	Project preparation	Mozambique	4	2,000,000	5,000,000	South	Rural	No	National	74.5	34
72	321	ECOWAS	Projet d'Appui à l'opérationnalisation de la GIRE pour le renforcement de la résilience au changement climatique dans les bassins transfrontaliers en vue de en Afrique de l'Ouest (PAGIREC- AO)	To strengthen water security, sustainable development and resilience through the operationalization of integrated water resource management (IWRM) at local, basin and regional scales in West Africa, adapt and mitigate climate change impacts	(d) Climate change adaptation and ecosystem management; (g) Transboundary/ basin-level integrated water investment planning and governance.	Water Governance- Ins	15 ECOWAS cou	3	-	5,000,000	West	Both	No	Multi-nati	73.3	36
73	396	Mali	Projet de Renforcement de la Gestion Intégrée des Ressources en Eau dans le Bassin du Niger Supérieur (PR-GIRENS)	to strengthen cooperation and the integrated management of water resources in the Upper Niger basin in Mali and Guinea	(g) Transboundary/ basin-level integrated water investment planning and governance.	Water Governance- Ins	Mali, Guinea	3	7,557,076	5,320,495	West	Both	No	Multi-nati	79.0	22

2023 AWF Rolling Project Pipeline Final List 28.09.2023

#	Code No	Applicant	Project Title	Objective(s)	Sector Area	Strategic pillar	Beneficiary Country(ies)	Duration (years)	Beneficiary population	Cost (Euro)	Geographic location	Urban/Rural	Sanitation	Multi/National	Average Score	Final Ranking
74	65	OKACOM	Cubango-Okavango River Basin Climate Resilient Investment Programme For Improved Livelihoods And Ecosystem Management	to improve the adaptive capacity of communities in the CORB by implementing interventions that will promote water and food security and build climate resilience in the basin.	(g) Transboundary/ basin-level integrated water investment planning and governance.	Project preparation/ Water Governance- Institutional building	Angola, Botswana	6	-	6,000,000	South	Rural	No	Multi-national	80.5	20
75	160	NBI-SEC	Strengthening capacity for coping with hydrologic uncertainty in selected Nile Basin countries	to strengthen capacity (tools, information and skills) of selected Nile Basin countries for sustainable utilization and management of water resources under hydrologic uncertainty.	(d) Climate change adaptation and ecosystem management;	Water Governance- Ins	Burundi, DR Congo	4	272,000,000	6,800,000	East	Both	No	Multi-national	74.3	35
76	144	Zambia	Feasibility Studies for the Development of Bulk Water Transfer Schemes	Develop water resource infrastructure comprising dams, canals, tunnels and pipelines capable of transferring bulk raw water from water surplus areas to productive but water stressed areas	(a) Water supply and sanitation (Urban and Rural) (b) Urban master planning (water supply, sanitation etc.); (d) Climate change adaptation and ecosystem management;	Project preparation	Zambia	2.5	19,500,000	7,500,000	South	Both	Yes	National	79.0	22
77	49	Uganda	Climate Resilient bulk water supply and Irrigation Project for farming communities in the Greater Masaka Sub-region	to increase access to water for production to ensure optimal use of available land and water resources for agricultural production and productivity to contribute effectively towards food security, wealth and employment creation, and export promotion whilst protecting the surrounding watersheds in the Greater Masaka subregion.	(a) Water supply and sanitation (Urban and Rural)	Project preparation	Uganda	3	217,450	7,616,482	East	Rural	No	National	77.5	27
78	370	South Sudan	Sustainable Solid Waste Management Project in Luri Payam of Juba County	starting up a solid waste management (SWM) scheme in Luri Payam, Juba County.	(e) Solid waste and faecal sludge management;	Project preparation	South Sudan	5	125,000	9,000,000	East	Both	Yes	National	75.0	32
79	286	ABV	Projet d'Appui au Renforcement de la Résilience des Écosystèmes et des Communautés vulnérables aux Changements Climatiques dans le bassin de la Volta	Strengthen integrated water investment planning, monitoring and governance at transboundary/basin level.	(d) Climate change adaptation and ecosystem management;	Water Governance- Ins	Benin, Burkina Faso	5	35,000,000	10,000,000	West	Both	No	Multi-national	83.5	13
80	330	Zambia	Establishment and Operationalization of the Luapula River Authority	to promote cooperation between Zambia and the DRC with respect to the management and sustainable development of the shared water resources of the Luapula River, along their common border and Lake Mweru.	(g) Transboundary/ basin-level integrated water investment planning and governance.	Water Governance	Zambia	5	117,300,000	10,000,000	South	Both	No	Multi-national	73.0	37
